Coimbatore, Tamil Nadu | +91 93424 86943 | navinbharath917@gmail.com | github.com/navinbharath | www.linkedin.com/in/navin-bharath-n

Python · Machine Learning · Deep Learning · React.js · Node.js · NLP · MySQL · Git

PROFESSIONAL SUMMARY

Final-year B.Sc Artificial Intelligence and Machine Learning student at Kongunadu College of Arts and Science, graduating in 2026, with a GPA of 7.9. Experienced in building AI-powered systems including emotion recognition, smart agriculture, and satellite data analysis using Python, NLP, and machine learning frameworks. Completed full-stack development training and robotics internships, with hands-on exposure to React.js, Node.js, and MySQL. Seeking an AI/ML Engineer or Software Developer role where I can contribute to real-world intelligent systems.

TECHNICAL SKILLS

Languages	Python, R
AI / ML	TensorFlow, Pandas, NumPy, NLP, Neural Network
Frontend	HTML, CSS, React.js
Backend	Node.js, REST APIs
Database	MySQL
Tools & Platforms	Git, GitHub, VS Code, Postman, Azure AI (IBM)

PROJECTS

AETHER – Smart Emotion Recognition and Response System

2024

NLP · Node.js · React.js

- Built an AI system that detects human emotions from text input using Natural Language Processing and the BERT transformer model, achieving 87% classification accuracy.
- Developed a Node.js backend integrated with a React.js frontend to deliver real-time emotion-aware responses to users.

AgriSense – Smart Irrigation & Monitoring System

2024

IoT Concepts · Automation ·

- Designed an intelligent irrigation monitoring system that automates water flow decisions based on soil moisture, temperature, and crop type data.

SatSen AI – AI Powered Satellite Monitoring System

2025

Python · OpenCV · Scikit-learn · NumPy · Pandas

- Developed a satellite image analysis tool using AI and machine learning to classify land-use patterns and detect environmental changes over time.
- Collects a real time data from NASA and trained with satellite data using resnet18 and LSTM for forest spread dection.
- Processed and cleaned multi-band satellite image datasets using OpenCV and NumPy, applying a Random Forest classifier with 82% accuracy.

INTERNSHIP EXPERIENCE

Full Stack Development Intern — Nextskill Technologies Pvt Ltd.

Jun 2024 – Aug 2024

React.js · Node.js · MySQL · REST APIs

- Completed intensive full-stack development training, building and deploying web applications using React.js (frontend) and Node.js with Express (backend).
- Developed RESTful APIs for CRUD operations connected to a MySQL database, following MVC architecture principles.
- Collaborated on a team project to build a student management portal with authentication, role-based access, and dashboard analytics.
- Gained practical experience with Git-based version control, code reviews, and agile sprint workflows.

Robotics Intern — RoboMiracle Technologies Pvt Ltd.

Dec 2023 – Jan 2024

Robotics · Automation · Python

- Gained hands-on exposure to robotics hardware assembly, sensor integration, and basic automation programming.
- Assisted in implementing Python scripts for motor control and sensor data acquisition in prototype robotic systems.
- Participated in a team demo project showcasing an obstacle-avoidance robot using ultrasonic sensors and microcontroller logic.

EDUCATION

B.Sc Artificial Intelligence and Machine Learning

2023 – 2026

Kongunadu College of Arts and Science, Coimbatore · GPA: 7.9 / 10

Higher Secondary Certificate (HSC)

2022 – 2023

Government Higher Secondary School, Kulathupalayam · 70%

Secondary School Leaving Certificate (SSLC)

2020 – 2022

Government Higher Secondary School, Kulathupalayam

CERTIFICATIONS

- **Microsoft Azure — IBM & ICT Academy**, Azure AI Fundamentals
- **Coursera**, Cybersecurity Essentials
- **NPTEL (IIT)**, Introduction to Operating Systems

ACHIEVEMENTS

- 1st Prize — Code Debugging Competition, TechFest 2024, Kongunadu College of Arts and Science (among 80+ participants). Demonstrated strong algorithmic problem-solving and debugging skills under time pressure.
- 3rd Prize — English Department Quiz, Kongunadu College of Arts and Science, 2024.
- Participated in Mathematical E-Quiz, Bishop Appasamy College, 2023.

LANGUAGES

- Tamil — Read, Write, Speak (Native)
- English — Read, Write, Speak (Professional)
